PLANNING COMMISSION MEETING OF: NOVEMBER 29, 2007

DAN JAGGERS was present. He explained that he owns a very small house on a large half-acre lot and needs a secured and covered garage. He pointed out that there are many oversized and detached buildings in the area and noted that the proposed structure meets all setback requirements.

MR. JAGGERS informed COMMISSIONER DUNNAM that his only neighbor supported his request.

In response to COMMISSIONER STEINMAN'S questions, MR. JAGGERS explained the garage would be made of wood and stucco and would look like his house.

COMMISSIONERS STEINMAN and EVANS emphasized the importance of building a structure that maintained a residential character and MR. RANKIN stated that the submitted plans indicated that Mr. JAGGERS was proposing to build a structure that would match his home.

CHAIRMAN DAVENPORT declared the Public Hearing closed.
